National Survey on Marijuana Laws and Regulations

This survey has been provided by the Fox Rothschild Cannabis Practice as a quick reference to relevant laws and statutes governing marijuana usage in the United States.

Legalized cannabis – for medical or recreational purposes – is a rapidly expanding industry in the United States, with various states, including California, Colorado, Delaware, Illinois, Maryland, Nevada, New Jersey, New York, Pennsylvania and Washington, as well as the District of Columbia, regulating its use. Navigating the various state compliance regulations – while the consumption of marijuana, regardless of its intended use, is still prohibited at the federal level – can be a daunting task.

Fox attorneys are experienced in counseling legalized cannabis growers, distributors, processors, investors and others, including those supplying ancillary products and services, operating in this highly regulated industry. We represent clients in the formation of business entities and creation of operational plans and shareholder agreements; real estate and land use planning; acquisition of cultivation and dispensary licenses; preparation and filing of forms required by various states; compliance with relevant state regulations; and assistance with U.S. Department of Treasury issues for banking and financial services clients engaged in the industry, and more. We have also advised clients on Illinois' Compassionate Use of Medical Cannabis Pilot Program Act as well as similar laws in other states where the product is legalized and regulated.

About Fox Rothschild

Fox Rothschild LLP is a national law firm ranked in the Am Law 100 that delivers strategic and practical solutions for clients ranging from family-run businesses to multinational corporations.

Home to 900 attorneys in 27 offices coast to coast, Fox offers clients a team of accomplished professionals who have honed their legal skills in government and industry, who appreciate the fluctuating nature of today's competitive business environment and who excel at crafting the legal solutions that match our clients' goals.

Please be mindful that possessing, using, distributing and/or selling marijuana is a federal crime, and no legal advice we give is intended to provide any guidance or assistance in violating federal law nor will it provide any guidance or assistance in complying with federal law. Please also note that we are not advising you regarding the federal, state or local tax consequences of engaging in any business in this industry.
